February 25, 2024

Dear Parents/Guardians:

In the early hours of Saturday, February 24, there was an electrical fire in the building causing damage to a couple of classrooms in the "A" Building. The buildings, grounds, and a restoration crew have been working diligently to get the building in order to receive you and students. Per the Superintendent of Schools, the following will be the tomorrow schedule:

- **All teachers and students will provide instruction synchronously tomorrow during your regular school hours.**
- **BOCES and after-school activities will still be in person.**

You will receive additional updates as the day progresses.

Sincerely,

Hempstead High School Administration
