

Barack Obama Elementary School

Teacher: Mrs. Bernadette Johnson

Contact Info: bjohnson01@hempsteadschools.org

Instructional Plans: April 20 – April 24, 2020 – Grade 6

****For those who have not yet done so: Sign in to Clever. Go to Khan Academy and choose “Sign Up.” Please sign up.**

Monday, April 20

Reading: Log in to your readworks.org account. Read and complete (online) all activities related to “Rumpelstiltskin.”

Writing: DINING TIME

Look up a menu from a restaurant online. What would you order from that restaurant if you had \$25.00?

Mama Mia’s Italian Restaurant made \$1,388 on Saturday night. That is 2 times as much as they made last Tuesday night. How much money did they make on both nights?

Research the nutritional menu for McDonald’s. How many calories are in a Kids Happy Meal?

Ask an adult in your household about tipping at restaurants and how to calculate a tip.

Write about the different percentages people use to tip at restaurants.

Message me your response.

Math: Log in to your Go Math account. **Lesson 13.1:** Complete all activities on pp. 371 – 374. Message me on Power Teacher self-assessing your ability to complete all Math tasks. Discuss your strengths and weaknesses in your response.

Science: Log in to your readworks.org account. Read and complete (online) all activities related to “The Origins of the Internet.”

Tuesday, April 21

Reading: Log in to your readworks.org account. Read and complete (online) all activities related to “Learning to Skate.”

Math: Log in to your Go Math account. **Lesson 13.1:** Complete all activities on pp. 375 – 376. Message me on Power Teacher self-assessing your ability to complete all Math tasks. Discuss your strengths and weaknesses in your response.

Social Studies: Log in to your readworks.org account. Read and complete (online) all activities related to “How the Maya Lived.”

Wednesday, April 22

Reading: Log in to your readworks.org account. Read and complete (online) all activities related to “What’s in a Name.”

Math: Log in to your Go Math account. **Lesson 13.2:** Complete all activities on pp. 377 – 380. Message me on Power Teacher self-assessing your ability to complete all Math tasks. Discuss your strengths and weaknesses in your response.

Science: Log in to your readworks.org account. Read and complete (online) all activities related to “How are Rainbows Formed.”

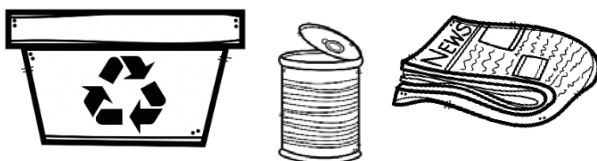

Writing: SAVE OUR PLANET

Earth Day is April 22nd. Make a list of ten ways you can help conserve natural resources.

An individual produces about 4 pounds of garbage per day. If there are 4 people living in each house on a street where there are 26 households, how many pounds of trash does that street accumulate? What if the street were one of 12 roads in a neighborhood, how much trash would the neighborhood create?

Take a look outside. Identify any forms of pollution you can see. Should everyone be required to recycle? Before you write your response, debate with someone in your household.

Message me your response.

Thursday, April 23

Reading: Log in to your readworks.org account. Read and complete (online) all activities related to “Playing With Sounds.”

Math: Log in to your Go Math account. **Lesson 13.2:** Complete all activities on pp. 381 – 382. Message me on Power Teacher self-assessing your ability to complete all Math tasks. Discuss your strengths and weaknesses in your response.

Social Studies: Log in to your readworks.org account. Read and complete (online) all activities related to “Aztec Warriors.”

Friday, April 24

Reading: Log in to your readworks.org account. Read and complete (online) all activities related to “What Different Houses Have.”

Math: Log in to your Go Math account. **Lesson 13.3:** Complete all activities on pp. 389 – 391. Message me on Power Teacher self-assessing your ability to complete all Math tasks. Discuss your strengths and weaknesses in your response.

Science: Log in to your readworks.org account. Read and complete (online) all activities related to “Predicting the Future.”

Thank you for taking the time to complete all activities!
