

Morning Routine

Ms. Parrado's Class

Say hello to your friends!

Good morning _____ (wave)
Good morning class.

1. Greet
2. Go over expectations
3. Sight word songs practice

• Be respectful!

Listen to teachers. When a teacher is talking you are listening. When I am teaching the lesson I am going to have you on quiet so you can be good listeners.

Eyes are looking.

Ears are listening.

Mouth is quiet.

Hands are on your lap.

If you have something to say give me a thumbs up. (just like we raise our hands in school.) That way it will be quiet and if you have something to answer or share we can all hear your answer! We know you all have amazing answers!
